

Presenting Our Past

For museums, archives, trusts, charities and statutory bodies, we support funding applications, and plan and deliver capital schemes, educational resources and interpretative schemes, all to ensure that our culture and heritage can be appreciated and enjoyed by all.

National Interpretation Strategy Cadw

Encompassing places as diverse as medieval castles, Neolithic tombs and 19th century furnaces, Cadw's estate of historic properties forms the backbone of Wales' national heritage. Working with Bremner & Orr, we prepared a nationwide interpretation strategy for this rich and complex estate. We developed proposals for interpretation, visitor welcome and engagement at a number of pilot sites and also developed a methodology for the rest of the estate. We devised concepts, themes and stories to present a narrative for interpreting the history and heritage of Wales.
